INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Momma's, Inc.

I have audited the accompanying statements of financial position of Momma's, Inc. as of December 31, 2006 and 2005, and the related statements of activities, functional expenses and cash flows for the years then ended. These financial statements are the responsibility of Momma's, Inc.'s management. My responsibility is to express an opinion on these financial statements based on my audits.

I conducted my audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Momma's, Inc. internal control over financial reporting. Accordingly, I express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audits provide a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Momma's, Inc. as of December 31, 2006 and 2005, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

MOMMA'S, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2006 AND 2005

(1) Nature of Activities, Nonprofit Status and Significant Accounting Policies

Nature of Activities

Momma's, Inc. is a residential program for young mothers and their children, providing a supportive environment for mother-child bonding and pursuit of work or schooling for up to two years after the birth of the child with the goal of self-sufficiency upon completion of the program. Momma's operates in Nassau County, New York. Momma's revenue consists primarily of contributions and grant revenues.

Nonprofit Status

Momma's, Inc. was incorporated in 1986 and is exempt from Federal income taxes as an organization (not a private foundation) formed for charitable purposes under Section 501(c) (3) of the Internal Revenue Code. Donors may deduct contributions made to Momma's within the requirements of the Internal Revenue Code.

Significant Accounting Policies

The following are the more significant accounting policies used in the preparation of the accompanying financial statements.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles. Under this method, revenue is recognized when earned and expenses are recognized when incurred.

Financial Statement Presentation

Financial statement presentation follows the requirements of the Financial Accounting Standards Board in its *Statement of Financial Accounting Standards (SFAS) No. 117, Financial Statements of Not-for-Profit Organizations*. Under *SFAS No. 117*, Momma's is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

MOMMA'S, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2006 AND 2005

(1) **Nature of Activities, Nonprofit Status and Significant Accounting Policies** (continued)

Revenue Recognition

Momma's revenue consists of grants, contributions, fundraising and special event revenues. Unrestricted grants, contributions and fundraising revenue intended for the current period are recognized when received. Restricted grants, contributions and fundraising revenue are recorded as temporarily restricted support and net assets if they are received with donor stipulations that limit the use of the contributed assets. When a donor or sponsor restriction expires, that is, when a stipulated time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Contributed Facilities

The contributed use of facilities is reflected in the financial statements based on the estimated value at the time of contribution. This amount is based on the estimated fair market rent per square foot for Nassau County, New York. Momma's has an agreement for the use of a residential home and the agreement is cancellable by either party.

Contributed Services and Materials

Momma's records various types of contributed support, including services and materials. Contributed support is recognized in accordance with *Statement of Financial Accounting Standards (SFAS) No. 116, Accounting for Contributions Received and Contributions Made*. This pronouncement requires recognition of certain services received if those services (a) create or enhance long-lived assets or (b) require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by contribution. Contributions of tangible and intangible assets are recognized at fair market value when received. The amounts reflected in the accompanying financial statements as in-kind support are offset by like amounts included in expenses.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the program and supporting services benefited.

MOMMA'S, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2006 AND 2005

(1) **Nature of Activities, Nonprofit Status and Significant Accounting Policies** (continued)

Property and Equipment

Acquisitions of property and equipment with useful lives greater than one year are recorded at cost. Property and equipment acquisitions are depreciated using the straight-line method over the estimated useful lives of the assets.

Estimates

The preparation of financial statements in accordance with accounting standards generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statements of cash flows, Momma's considers all highly liquid investments available for current use with an initial maturity date of three months or less to be cash equivalents.

(2) **Concentration of Credit Risk**

Momma's maintains its cash balances in several high-quality financial institutions. The balances are insured by the Federal Deposit Insurance Corporation up to \$100,000. Momma's' uninsured cash balances totaled \$42,359 and \$26,060 at December 31, 2006 and 2005, respectively.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2006 AND 2005

(11) **Residential Home Purchase** (continued)

Under the terms of the grant, Momma's must maintain ownership of the E. Massapequa home and operate it as supportive housing for a twenty year period from the date of initial occupancy. If the agreement is materially breached in this manner, HUD may reduce or recapture the grant award or continue the grant with a substitute recipient of HUD's choosing.

In June 2005, Momma's purchased the residential home in E. Massapequa, New York which substantially met the terms of the HUD grant. The home will provide additional housing for unwed mothers and their children. The purchase price of the home was \$200,000. In the year ended December 31, 2006, Momma's received \$30,817 under the agreement for the operation and administration of the home. Annual operating expenses for the home are less than originally anticipated. Accordingly, a budget modification for the grant has been approved by HUD.

(12) **Residential Home Agreement**

In June 2006, Momma's entered into an agreement with Nassau County to operate a County-owned home in Jericho, NY as a community home and temporary residence for up to five women, up to five babies under two years of age and up to two house mothers. The agreement is cancelable by either party with thirty days notice of termination in writing. The agreement provides for a monthly permit fee of \$2,500. Total permit fee expense was \$10,000 under the agreement for the program for the year ended December 31, 2006 and is recorded on the Statement of Functional expenses as Rent.

(13) **Related Party Transaction**

In the year ended December 31, 2006, Momma's paid \$15,733 as salary to an Assistant Director. The Assistant Director is the daughter of the Executive Director.

(14) **Impairment of Timeshare**

Momma's reviews the recoverability of long-lived assets when circumstances indicate that the carrying amount of the asset may not be recoverable. If the carrying value is not recoverable, the impairment loss is measured as the excess of the asset's carrying value over its fair value. In the year ended December 31, 2006, Momma's reviewed the carrying value of the Timeshare assets and based on a comparison to their fair value, an impairment loss of \$3,500 was recognized. Fair value was based on quoted market prices.
